WP(C) No. 18296 of 2007

Dated, this the 18th day of June, 2007

J U D G M E N T

The electric connection applied for by the petitioner is not granted for the reason that some land owners are raising objection. Petitioner produced Ext.P2 sketch and submitted that line would be drawn through Panchayat road without crossing any private property. The learned Standing Counsel submitted that even if the line is through Panchayat Road, there is some crossing of private property. If there is objection from private land owners, the matter has to be referred to ADM for the approval of a suitable route for giving connection. This WP(C) is disposed of directing 2nd respondent to verify whether connection would be given through Panchayat Road without crossing private property and if so, give connection to the petitioner without any delay. However, if line is passing through the private properties, the respondents are directed to refer the matter before the ADM for taking final decision and in that case ADM is directed to decide the matter within one month from the date of reference.
